## Welcome to Clovelly Kennels,

**Thank you** for considering us for your pet's vacation. We will provide your four legged family members with a happy, comfortable, clean, stress free environment and the same love and attention you would lavish on them at home.

**Our canine guests** will enjoy the outdoors several times a day. Tummy rubs and back scratches are provided with affection free of charge. Baths, walks, and playtimes can be requested as an additional charge. Our facility offers three areas for our "Canine Guest Suites" including our "Small Dog Room".

For summer convenience the facility provides central air conditioning we are also thrilled to offer our "K-9 zone". This 4000 sq ft. glass structure has been built with your pet's comforts in mind offering protection from the elements while performing all our daily activities. During summer and milder weather our "K-9 zone" roof opens at the flip of a switch.

**For our feline guests** we offer the choice of two rooms:

**Bird and Butterfly Room:** This room offers a floor to ceiling window overlooking our "zone" area. Each suite can accommodate up to 2 cats from the same family and each is provided with a scratching post.

**Aqua Room:** This room also offers the same amenities but includes 3 family units that can accommodate up to 4 cats sharing from the same family. During milder temperatures our feline guests can enjoy our outdoor sunrooms overlooking the fish pond and garden.

Ear and tummy tickles, clean bedding and fresh litter are provided daily. All of our feline guests will have the opportunity to stretch their legs and enjoy our "kitty toy box" at various times throughout the day at no additional charge.
